

Abnormalities

Previously missed out or postponed tasks are recorded as abnormalities and displayed in abnormalities list. These will be displayed in new job cards tab to draw the attention of PPIO for appropriate action.

Loco Abnormality navigation menu -

a. Add abnormalities:

User adds abnormalities by providing details like loco no, section, identified date, person, subject and reason for abnormality.

- Click on "Locos" side menu and select "Abnormalities Register" navigation menu.
- "Managing Abnormalities Register" page is displayed with ["Add Abnormality"](#) link.
