RB SPECIAL DRIVE- 'Special Equipment Census'

1. Introduction:

Provision for 'Special Equipment Census' drive for equipment like Waterless Urinal, LED Headlight, inspecting Official seat, ergonomically designed driver seat, Tool box with tools has been developed on SLAM under existing 'RB Special Drive' functionality for implementation by Zonal Railways.

The detailed process flow for implementing 'Special Equipment Census' drive at Loco shed created by Railway Board in the SLAM system is outlined in subsequent sections.

2. LOCO SHED:

Loco Shed Admin

- (i) Login from Loco shed Admin.
- (ii) Go to 'Implementation Status' in RDSO navigation menu.
- (iii) Select 'Special Equipment Census' in 'Type' filter and select other filters, then click on GO. Record of drives will display.

The screenshot shows the SLAM system interface. The top navigation bar includes 'Home', 'Feedback', 'Reports', 'Dashboard', and 'Logout'. Below the navigation bar, there are several tabs: 'Section Dashboard', 'Home', 'Compliance Summary', 'Operational', 'Failure At a Glance', 'Planning At a Glance', 'Section Equipment Position', and 'Failure Tracking'. The 'Implementation Status' tab is selected. The main content area displays a table with columns: S.No, RDSO Doc No., Activity, File No., Loco Type, Equipment Type, Sch Type, Implementing Agencies, Date of Issue, Upload Date, Document Status, Document, Section Status, Section Name, and RDSO/Documents NA. Two rows are visible, both with 'Pending' status in the 'Document Status' column.

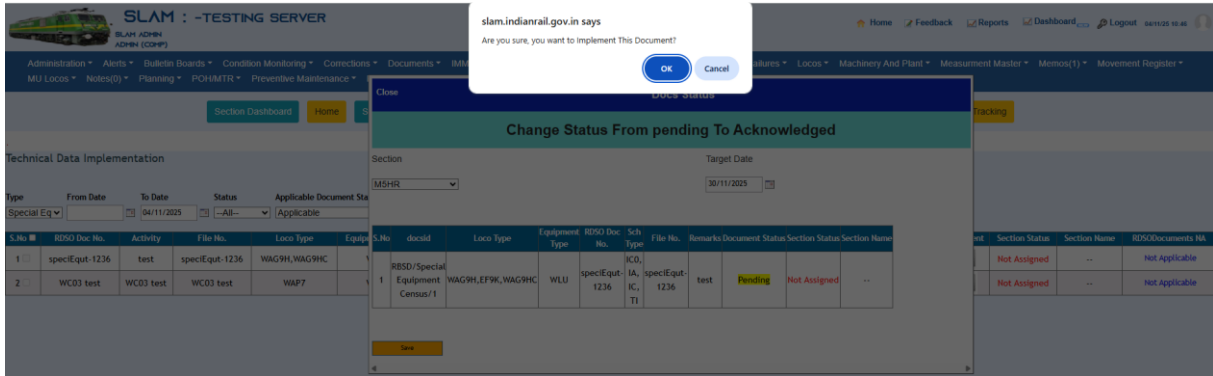

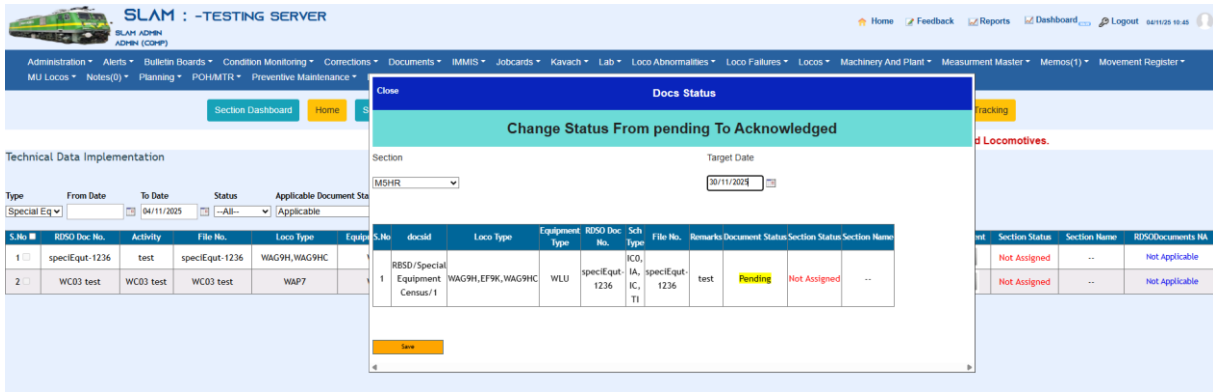

S.No	RDSO Doc No.	Activity	File No.	Loco Type	Equipment Type	Sch Type	Implementing Agencies	Date of Issue	Upload Date	Document Status	Document	Section Status	Section Name	RDSO/Documents NA
1	speciEqut-1236	test	speciEqut-1236	WAG9H,WAG9HC	WLU	IA,IC,ICO,TI	ELS	04-10-2025	29-10-2025	Pending		Not Assigned	...	Not Applicable
2	WC03 test	WC03 test	WC03 test	WAP7	WLU	IA,IB,IC,ICO,IQH,IT,INTR,POH,TI,TOH,UnSch	ELS	29-10-2025	30-10-2025	Pending		Not Assigned	...	Not Applicable

- (iv) Click on 'pending' link in 'document status' column against relevant drive document.

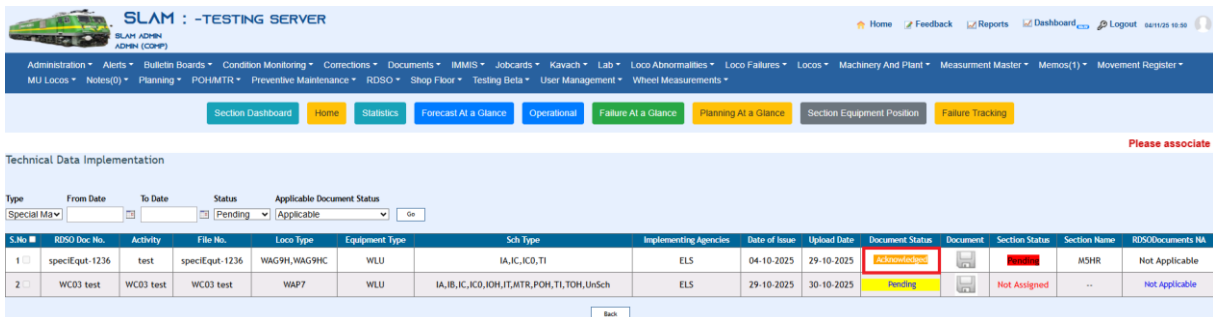

The screenshot shows the same SLAM system interface as above, but with the 'Docs Status' window open for the first row. The 'Document Status' column for the first row is highlighted in yellow, and a red box is drawn around the 'Pending' status. The 'Docs Status' window is a modal dialog box that allows users to select a section and a target date.

- (v) 'Docs Status' window will pop out. Select section and 'target date' and click on 'save.'
- (vi) Confirmation message will display, click on 'OK'.

(vii) 'Rdso Document Status ACKNOWLEDGED successfully !' Message will display.

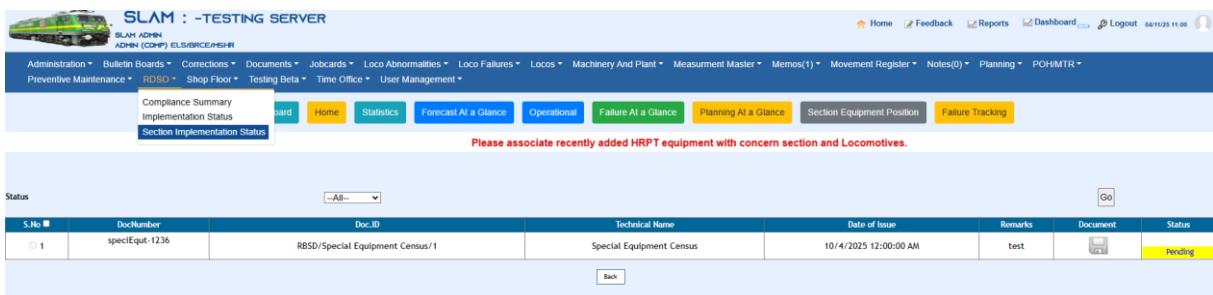

(viii) Document Status will change from 'pending' to 'acknowledged' and "Section Status" will be 'Pending'.

Assigned Section

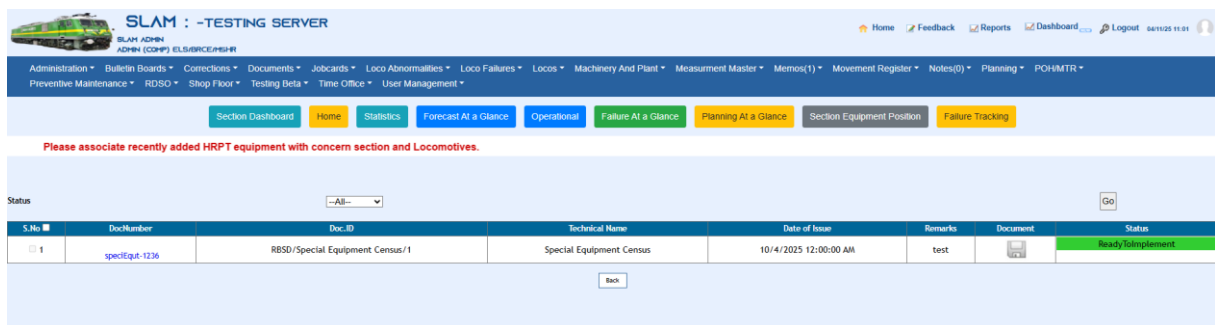

- (i) Login from Assigned Section.
- (ii) Go to "Section Implementation Status" in RDSO menu.
- (iii) Click on 'pending' in 'status' column in 'status' column against relevant drive document.

(iv) Confirmation message will display , click on 'OK'.

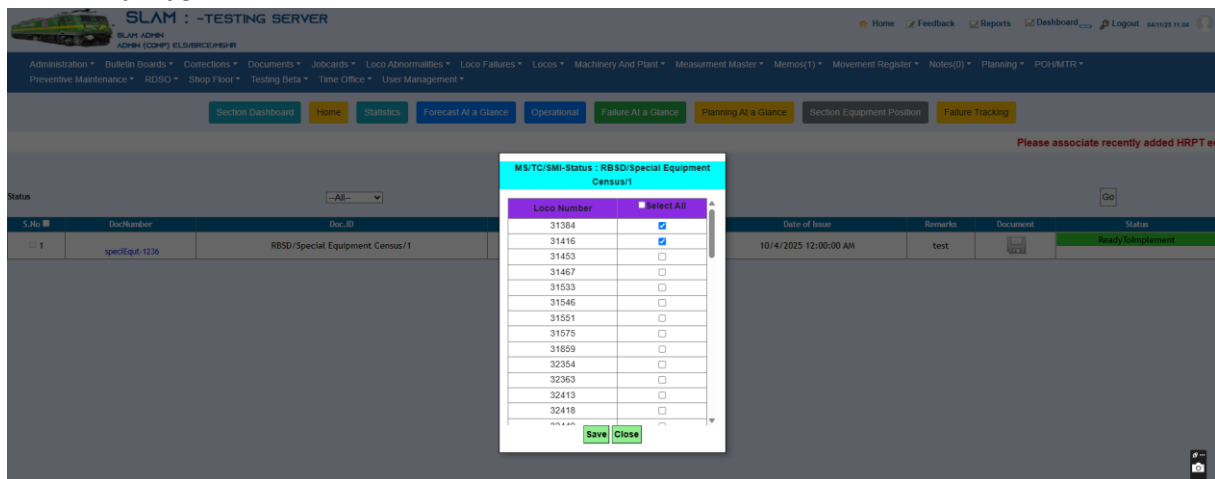

(v) 'Implemented successfully' message will display.

(vi) Status will change from 'pending' to 'Ready To Implement'.

(vii) Click on Document Number link in 'DocNumber' column.

(viii) List of Loco Numbers pending for implementation will display with option to select loco number.

(ix) Select Loco numbers in which document is to be implemented and click on 'save'. Count of loco in progress will update.

(x) ELSFH can see the updated count in RDSO Compliance Summary menu.
