1 RDSO WORK FLOW

2 Administration

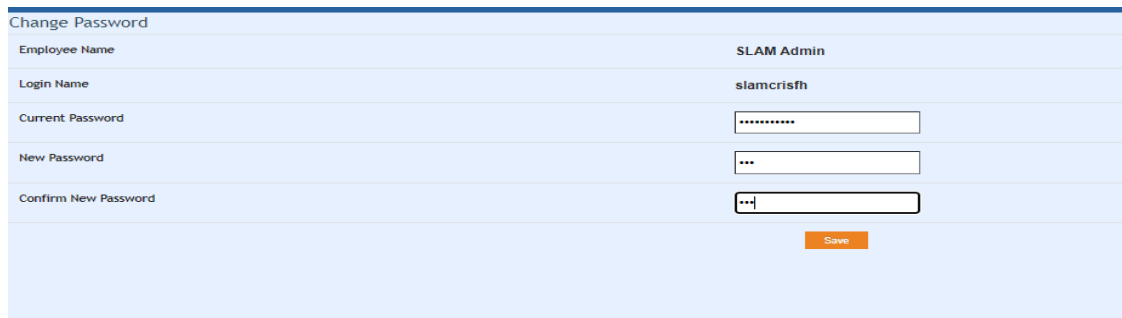

Go to URL-slam.indianrail.gov.in/SLAM/Login.aspx and login with your received user id and password.

2.1 Change Password

User can change the password by following the below mentioned steps –

1. Click on Administration side menu and select "**Change Password**" Sub menu.
2. "**Change Password**" screen is displayed.
3. Enter the Current Password, New Password and Confirm New Password.
4. Click on **Save** button to save the details, successful message is received.
5. The Password will be changed to current one.

A screenshot of the 'Change Password' web form. The form has a light blue header and background. It contains the following fields: 'Employee Name' with the value 'SLAM Admin', 'Login Name' with the value 'slamcrisfn', 'Current Password' with a masked input field containing '*****', 'New Password' with a masked input field containing '...', and 'Confirm New Password' with a masked input field containing '...'. An orange 'Save' button is located at the bottom right of the form.

Change Password

2.2 Add Feedback

- Click on Administration and select Add Feedback then fill the details

Administration Implementation Locos Technical Documents User Management

Add Feedback

Raised By/For: RDSO

Location: RDSO/LKO

Type: Bug

Mobile.No:

Problem Occurred On: 12/04/2024

Attachment: Choose Files No file chosen

Form/ Report Name:

Describe Your Problem: Test (or Copy & Paste the Error messages you received)

Save Back

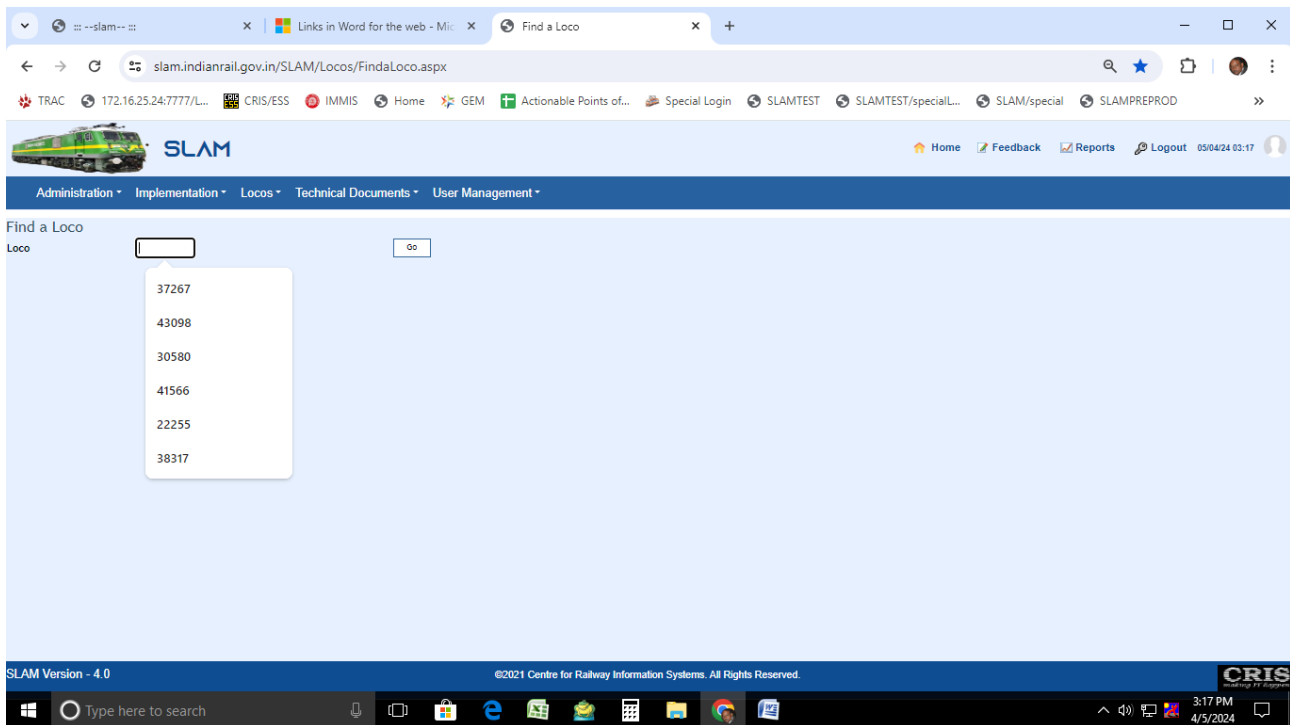

Feedback History (Track ID :)

Click on Save Button. 'Saved successfully' pop up will be displayed.

3 Locos

3.1 Find Loco

- Enter the Loco Number you want to find.

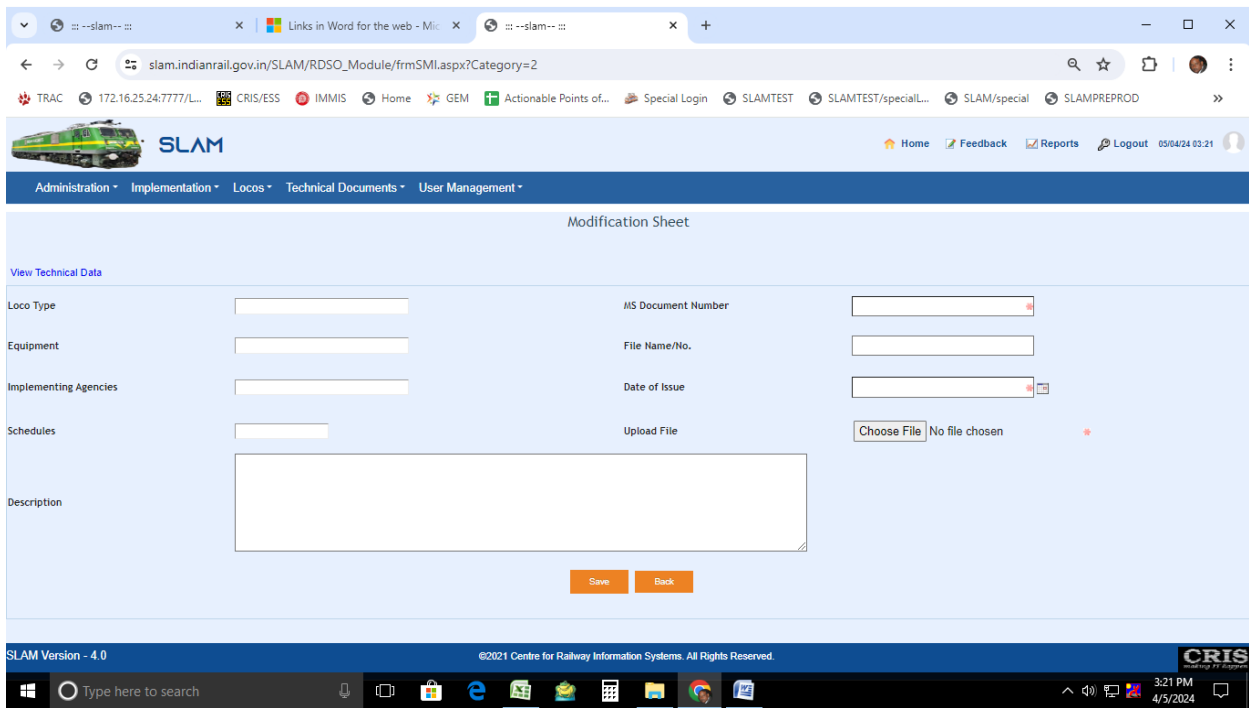

- Click Go button to see the loco result

4 Technical Documents-

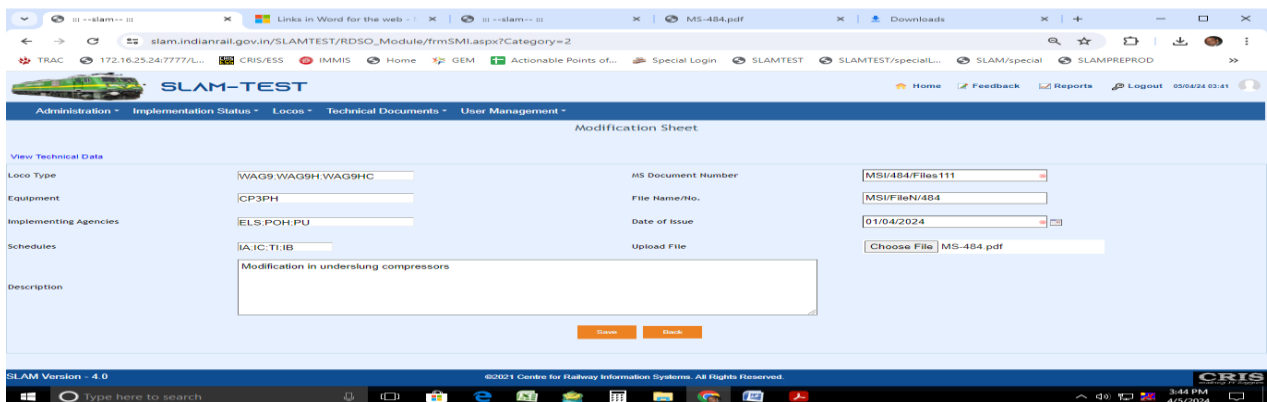

- Modification Sheet
- Special Maintenance Instructions
- Technical Circular

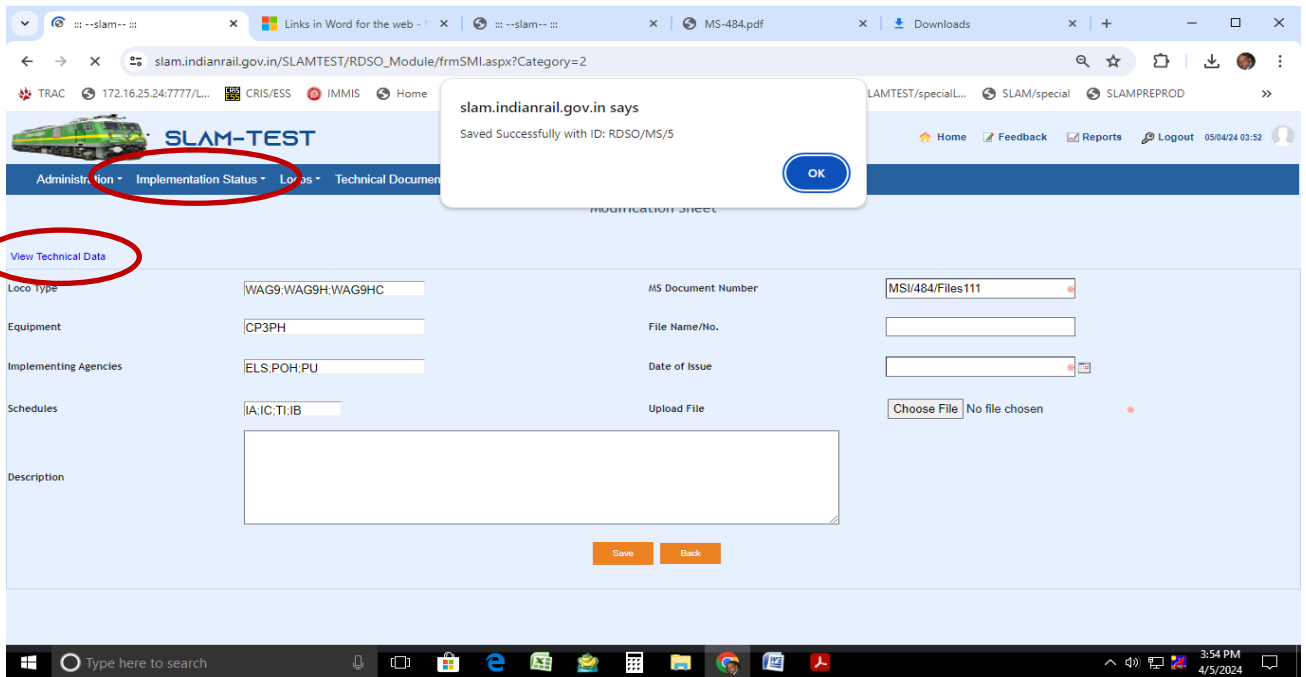

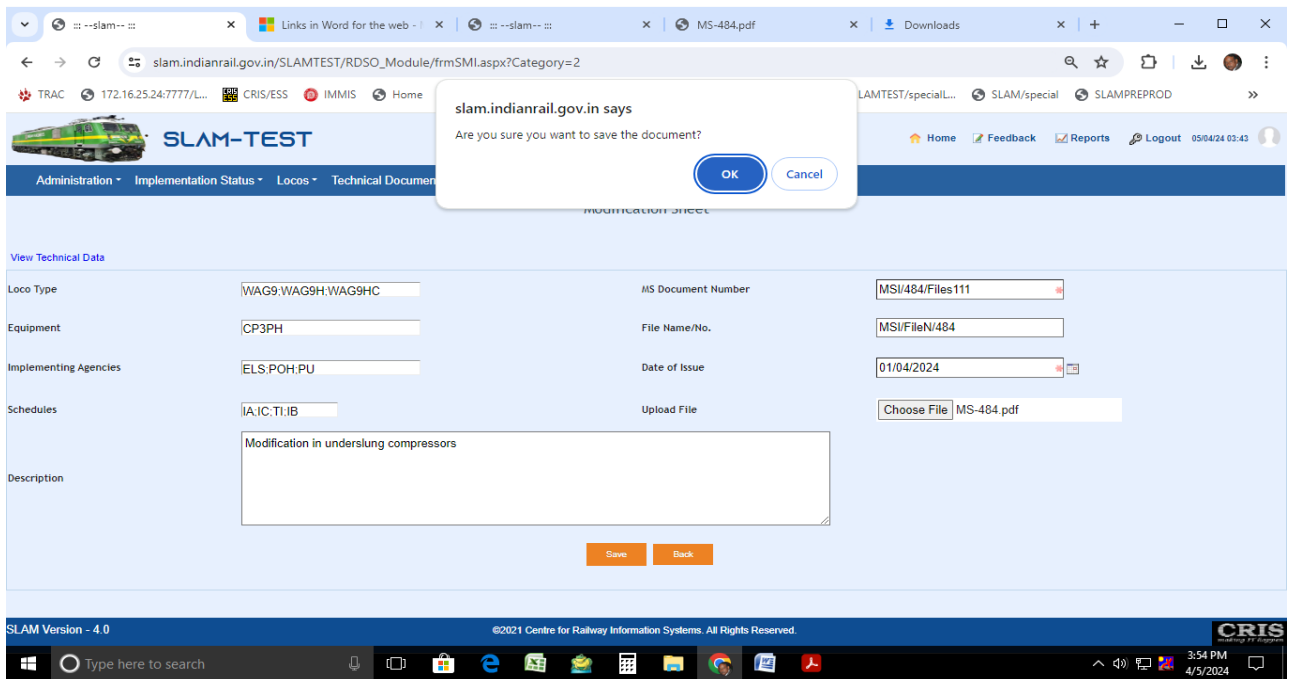

Steps: 1-

- ❖ Click any one submenu from the above options,
- ❖ Below Screen Shot is an empty sample of document for uploading
- ❖ MS/SMI/TC

- ❖ Fill the all fields and upload the required document
- ❖ Click on save button.
- ❖ Confirmation alert message will display, click “OK” button.
- ❖ “Save successfully” alert message will displayed, click on “OK” button.

- ❖ To view the uploaded document and its details you can click the link **‘View technical data** or by clicking **Implementation status** menu in below screen shot.

5 ELS – RDSO Document implementation Process

- After uploading document it will be shown to admin of sheds on dashboard as “Pending RDSO(1)” in Tab with pending counts.

The screenshot shows the SLAM-TEST dashboard with a navigation menu at the top. A notification banner reads "Notice: Please Update HRMS ID In User Management --> Staff SHED MSG". Below this, a dashboard section features several tabs: "Pending RDSO(1)", "Forecast At a Glance", "Failure At a Glance", "Planning At a Glance", "Section Equipment Position", "Failure Tracking", and "Filter". The "Pending RDSO(1)" tab is highlighted with a yellow box. To the left is a list of asset failure metrics, and to the right is a bar chart and a table for "Loco Holding Current Status".

Loco Type	Online	U/COMM	O/Service
WAG9	28	0	0
WAG9H	143	0	0
WAG9HC	17	0	0
WAG9HH	1	0	0
WAP7	95	0	0
WDG3A	1	0	0
WDG4D	1	0	0
WDS6	1	0	0
TOTAL	287	0	0

- Now click the tab “Pending RDSO(1)” to view the document or ELS admin can see all documents by clicking RDSO Menu → RDSO Doc. Details

➤ ELS– view and forward to concerned section

Click on document to view and forward to the concerned section for acknowledgement.

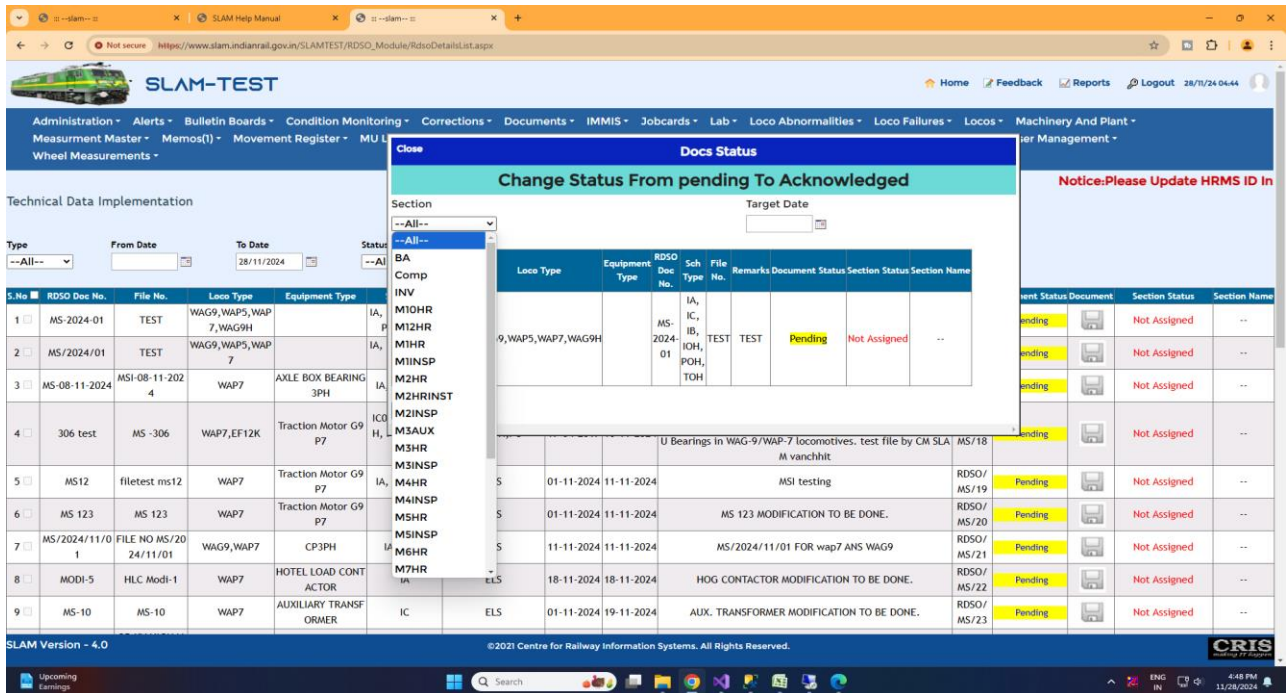

The screenshot shows the SLAM-TEST web application interface. At the top, there is a navigation menu with various options like Administration, Alerts, Bulletin Boards, etc. Below the menu, there is a notice: "Notice: Please Update HRMS ID in User Management --> Staff". The main content area is titled "Technical Data Implementation" and contains a search filter with fields for Type, From Date, To Date, and Status. Below the filter is a table with the following columns: S.No, RDSO Doc No., File No., Loco Type, Equipment Type, Sch Type, Implementing Agencies, Date of Issue, Upload Date, Remarks, DocID, Document Status, Document, Section Status, and Section Name. The table contains 9 rows of data, all with a "Pending" status and "Not Assigned" section status.

S.No	RDSO Doc No.	File No.	Loco Type	Equipment Type	Sch Type	Implementing Agencies	Date of Issue	Upload Date	Remarks	DocID	Document Status	Document	Section Status	Section Name
1	MS-2024-01	TEST	WAG9, WAP5, WAP7, WAG9H		IA, IC, IB, IOH, POH, TOH	ELS	08-11-2024	08-11-2024	TEST	RDSO/MS/15	Pending		Not Assigned	--

The screenshot shows the SLAM-TEST web application interface with a success message dialog box. The dialog box contains the text: "www.slam.indianrail.gov.in says implemented Successfully" and an "OK" button. The background of the application is dimmed.

For forwarding to the concerned section

- Click on "Pending" (Link) option to select Section and Target date. Then a concerned pop-up will come.

- Select "section", "target date" then click save button to send this document to the selected section for acknowledgement.
- Click to "save" button and click "OK" to forward document to concerned section.

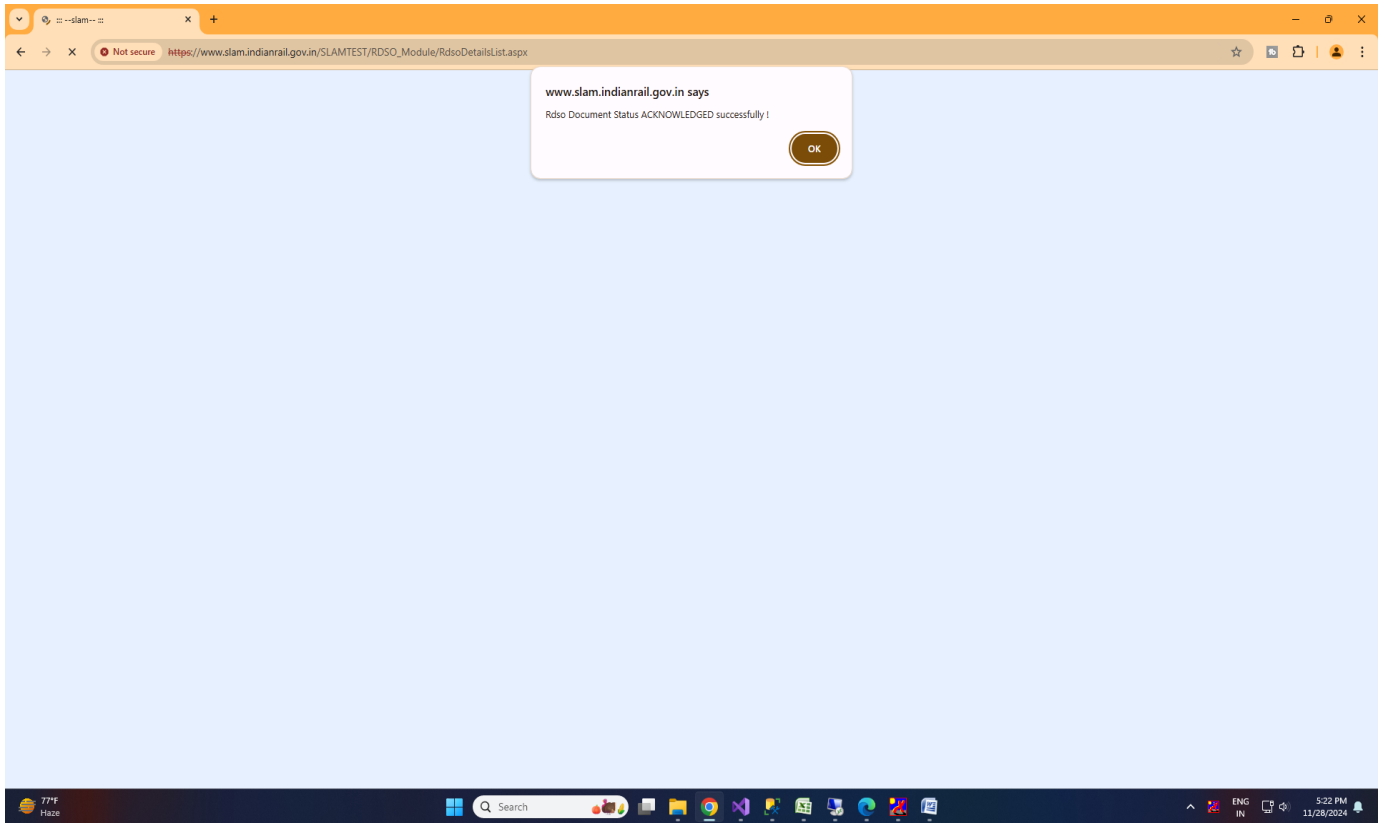

Notice: Please Update HRMS ID in User Management --> Staff SHED MSG

Technical Data Implementation

Type: From Date: To Date: Status:

S.No	RDSO Doc No.	File No.	Loco Type	Equipment Type	Sch Type	Implementing Agencies	Date of Issue	Upload Date	Remarks	DocId	Document Status	Document	Section Status	Section Name
1	SM-421	SM421	WAG9HC	BA-3PH	IC, IA, IC	ELS	27-09-2024	01-01-2025	BA 3PH	RDSO/SM/1/6	Pending		Not Assigned	--
2	MS-12	MS-12	WAG9HC, WAG9HL, WAG9HH, WAP7	25KV HIGH VOLTAGE BUSHING	IC	ELS	30-12-2024	31-12-2024	25-kv high voltage bushing modification to be done.	RDSO/MS/1/4	Acknowledged		Pending	JMBHR
3	TC-12	TC-12	WAP7	Traction Motor G9P7	UnSch	ELS	01-11-2024	11-11-2024	Speed sensor to be Modified.	RDSO/TC/1/4	Ready To Implement		Ready To Implement	JMBHR

➤ Now the status of “Document Status” will be “Acknowledged ”and “Section Status” will be “Pending”

Now login from concerned Section :--

➤ Section can see the pending RDSO Document on the dashboard in the pending RDSO Tab or in “RDSO Menu→RDSO Section view submenu option.

SLAM Version - 4.0 | ©2021 Centre for Railway Information Systems. All Rights Reserved. | CRIS

➤ Below Screen Shot is the RDSO Documents for concerned section.

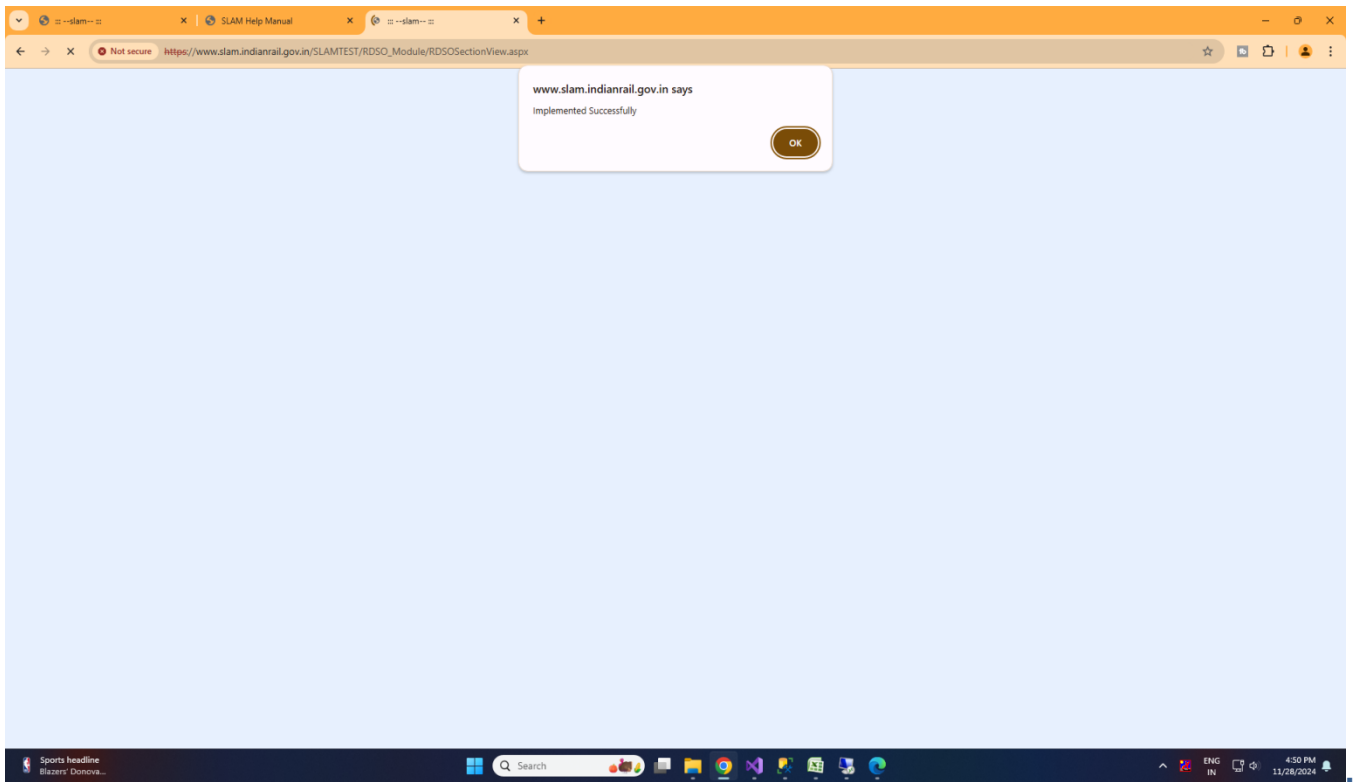

The screenshot shows the SLAM-TEST web application interface. At the top, there is a navigation bar with the SLAM-TEST logo and various menu items. Below the navigation bar, there is a status bar with a 'Notice: Please Update' message. The main content area displays a table with the following columns: S.No, DocNumber, Doc.ID, Technical Name, Date of Issue, Remarks, Document, and Status. The table contains two rows of data. The second row has a status of 'Ready to Implement', which is highlighted in green and circled in red. A 'Back' button is located below the table. At the bottom of the page, there is a footer with the text 'SLAM Version - 4.0' and '©2021 Centre for Railway Information Systems. All Rights Reserved.' The Windows taskbar is visible at the bottom of the screen.

S.No	DocNumber	Doc.ID	Technical Name	Date of Issue	Remarks	Document	Status
1	MSI/484/Files111	RDSO/MS/5	Modification Sheet	4/1/2024 12:00:00 AM	Modification in underslung compressors		Pending
2	MS /0484 Rev. 0	RDSO/MS/3	Modification Sheet	1/24/2022 12:00:00 AM	Modification in under slung compressor mounting leg.		Ready to Implement

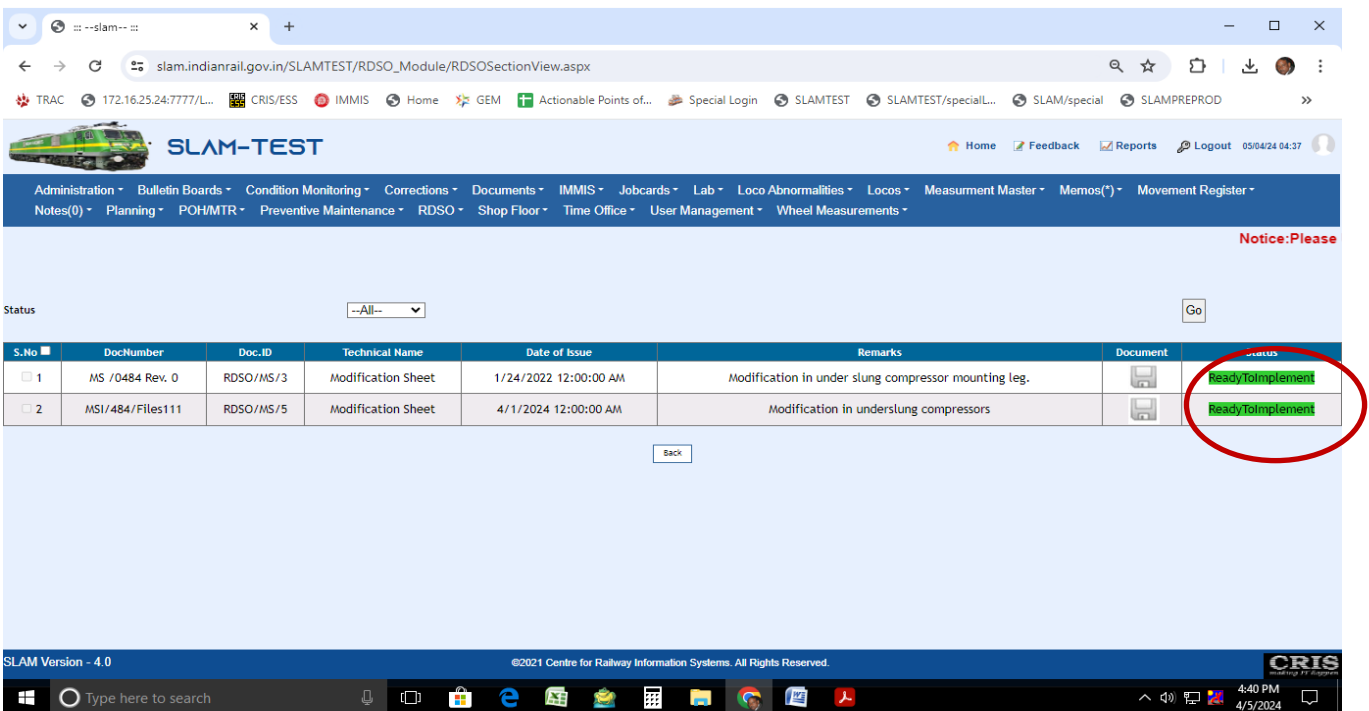

Section can view the document and acknowledge the document when section is ready to implement.

For Acknowledge the document : steps

- Click '**pending**' Link option from status column.
- Alert message will be displayed.
- "**Implemented successfully**" alert message will be displayed.

- Now the status for section will be changed from 'Pending' to 'Ready to Implement'.

- Now ELS (Admin) can see the section has started to Implement the document and ready to implement as status of document has changed from 'Pending' to 'Ready to Implement' in 'Section Status' column.

The screenshot displays the SLAM-TEST web application interface. At the top, there is a navigation menu with various options like Administration, Bulletin Boards, Condition Monitoring, etc. Below the menu, a header section contains the SLAM-TEST logo and a navigation bar with Home, Feedback, Reports, and Logout options. The main content area is titled "Jobcard Update (Schedule Attention) - 002" and includes a form for updating job card details. The form fields include Loco (39183), Schedule (B/IA), Section (M3HR), Date Created (12/04/2024 10:26), Created By (SLAM Admin), Tested By (E) (ANUJ MALAV), Date Issued (12/04/2024 10:28), Issued By (SLAM Admin), and Tested By (M/P) (Ashok Kumar). Below the form, there is a table with columns: S.No, Eq.Name, Eq.Position, Eq.Sr No, Observation, Kind, Assigned To, Compliance, Work Done, and Type. The table contains one row with the following data: S.No: 1, Eq.Name: Traction Motor G9P7, Eq.Position: --, Eq.Sr No: NA, Observation: *RDSO/MS/4, Cleaning of Traction motor to be done, Kind: Minor, Assigned To: Arjun, Compliance: Fit, Work Done: Cleaning of Traction motor done, Type: TR. Below the table, there is a Remarks field with the text "Cleaning of Traction motor done", a Target Time field, an Updated On field (12/04/2024 10:38), a Returned By field (Deepak Kumar), and a Status field (Completed). At the bottom of the page, there is a footer with the text "SLAM Version - 4.0" and "©2021 Centre for Railway Information Systems. All Rights Reserved.".

- After completion and verification of job cards, PPIO will outward the loco.
- Count of implemented document will be updated.

ELSFH can see the updated count in RDSO → RDSO check view menu.

- This is the previous screen shot before the loco RDSO Job card work start.
- In screen MS- RDSO/MS/4 document which is having total 272 counts and '0' Done count

SLAM Version - 4.0 ©2021 Centre for Railway Information Systems. All Rights Reserved. CRIS

- RDSO:- RDSO can see the updated Count for the documents by clicking "Technical Data Status" in "Implementation Status" Menu.

The screenshot shows the SLAM-TEST dashboard. The top navigation bar includes 'Home', 'Feedback', 'Reports', and 'Logout'. The main menu has 'Administration', 'Implementation Status', 'Locos', 'Technical Documents', and 'User Management'. The 'Technical Documents' menu is expanded, showing 'Technical Data Status' as the selected option. The footer indicates 'SLAM Version - 4.0' and '©2021 Centre for Railway Information Systems. All Rights Reserved.'.

The screenshot shows the 'Send Technical Data' page. It features a form for uploading new technical data with fields for 'Technical Doc Type' (set to 'MS'), 'Loco Type', 'Equipment Type', and 'Implementing Agencies'. Below the form is a table with the following data:

S.No	Docsid	Total Locos Involved	Done	Pending
1	RDSO/MS/2	702	2	700
2	RDSO/MS/3	195	1	194
3	RDSO/MS/4	272	1	271

A 'Back' button is located below the table. The footer is identical to the first screenshot.

- In the above screen 'Total Locos Involved' column for the document is the count of total no. of locos of those sheds, started work over the RDSO Document. On clicking the count, shed wise loco involved can be seen.

The screenshot shows the SLAM-TEST web application interface. A modal window titled "Locos Details" is open, displaying a table with the following data:

S.No	Shed	Total Locos
1	Tughlakabad	299
2	Ajni	252
3	BRC	151

The background interface includes a "Technical Data Status" section with a "New Technical Data Upload" link and a table with columns "Done" and "Pending". The "Done" column has values 2, 1, and 1, while the "Pending" column has values 700, 194, and 271. The footer shows "SLAM Version - 4.0" and "©2021 Centre for Railway Information Systems. All Rights Reserved."

- 'Done' column specify the no. of locos completed the job and 'Pending' Column specify the pending locos.

The screenshot shows the SLAM-TEST web application interface. A modal window titled "Done Locos Details" is open, displaying a table with the following data:

S.No	Shed	Loco No.	Updated Date
1	Tughlakabad	31186	17-11-2023
2	Tughlakabad	31209	20-11-2023

The background interface is identical to the previous screenshot, showing the "Done" and "Pending" columns in the main table. The footer shows "SLAM Version - 4.0" and "©2021 Centre for Railway Information Systems. All Rights Reserved."

8 ROLES- User Management

User management is used to manage all the users modifications such as Roles, Users, Staff. User- interlinked changes can be done here.

Roles:

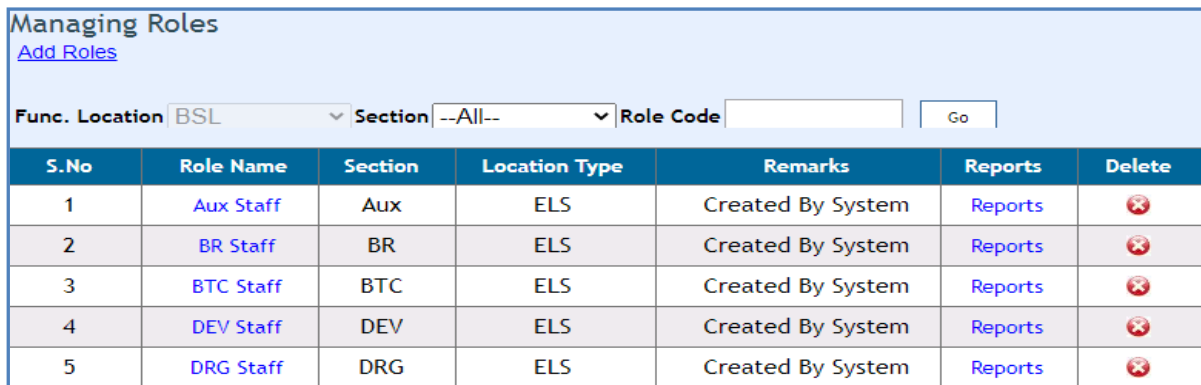

In Roles we can add, view, update, deleting of a module can be done using roles.

The image shows the 'Managing Roles' form. It has a title 'Managing Roles' and a link 'Add Roles'. Below the title are search filters: 'Func. Location' with a dropdown menu showing 'BSL', 'Section' with a dropdown menu showing '--All--', and 'Role Code' with an empty text input field. A 'Go' button is located to the right of the 'Role Code' field.

View Roles

- Click on Roles under User management Module.
- Managing Roles page displays.
- Select Func. Location, Section.
- Click on 'Go' Option.

The image shows the 'Managing Roles' page with a table of roles. The table has the following columns: S.No, Role Name, Section, Location Type, Remarks, Reports, and Delete. The data in the table is as follows:

S.No	Role Name	Section	Location Type	Remarks	Reports	Delete
1	Aux Staff	Aux	ELS	Created By System	Reports	
2	BR Staff	BR	ELS	Created By System	Reports	
3	BTC Staff	BTC	ELS	Created By System	Reports	
4	DEV Staff	DEV	ELS	Created By System	Reports	
5	DRG Staff	DRG	ELS	Created By System	Reports	

Add Roles:

- Click on Roles under User management Module.
- Managing Roles page displays.
