

Sections

- Managing section screen displays

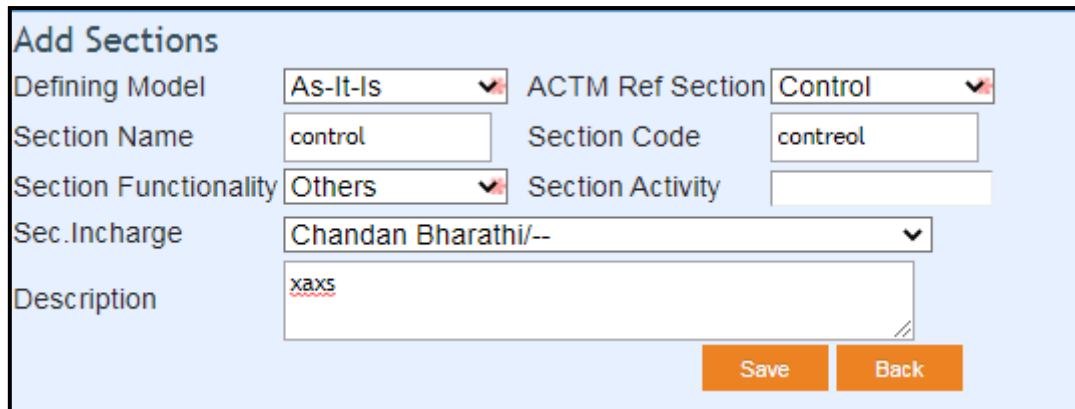

A screenshot of a web application's navigation menu. At the top, there is a blue header with the text "Administration" and a downward-pointing arrow. Below this header, there are two menu items: "Change Password" and "Sections". The "Sections" item is highlighted with a red rectangular border.

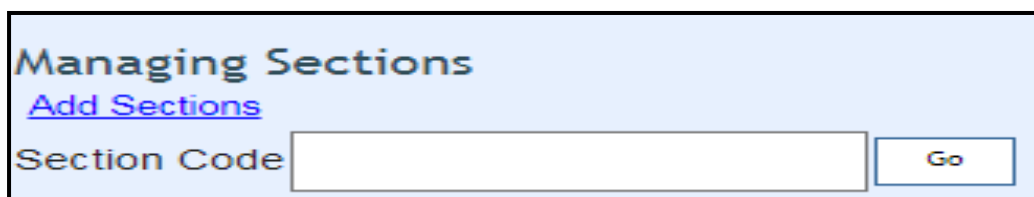

A screenshot of the "Managing Sections" screen. The title "Managing Sections" is at the top. Below it is a blue link labeled "Add Sections". Underneath, there is a text input field labeled "Section Code" and a "Go" button to its right.

- Click on Add sections link

A screenshot of the "Add Sections" form. The title "Add Sections" is at the top. The form contains several fields: "Defining Model" (dropdown menu with "As-It-Is" selected), "ACTM Ref Section" (dropdown menu with "Control" selected), "Section Name" (text input field with "control" entered), "Section Code" (text input field with "contreol" entered), "Section Functionality" (dropdown menu with "Others" selected), "Section Activity" (text input field), "Sec.Incharge" (dropdown menu with "Chandan Bharathi/--" selected), and "Description" (text area with "xaxs" entered). At the bottom right, there are two orange buttons: "Save" and "Back".

- Enter all the details and click on save option.

A screenshot of the "Managing Sections" screen, similar to the one above. The "Section Code" text input field is highlighted with a red rectangular border, and the "Go" button is also highlighted with a red rectangular border.

- Click on go option
