

## Find Equipment/Equipment Transfer

Sometimes equipment is transferred from one location to another location depending upon the requirement. In this page, the equipment to be transferred is selected by providing relevant details.

- Click on "Shop Floor" side menu and select "Find Equipment" navigation menu.
- "Find Equipment" page is shown.

 A screenshot of the 'Find An Equipment' search form. It has a light blue background. At the top, it says 'Find An Equipment'. Below that, there are three input fields: 'Eq. Name' with a dropdown menu showing '--Select--', 'Eq. Number(M)' with a text input field containing '142', and 'Inventory' with a dropdown menu showing '--Select--'. To the right of these fields is an orange 'Go' button.

- On filtering the options Equipment name, Equipment number, Inventory and by clicking on **Go** button, Equipment Details are displayed in a tabular format.

 A screenshot of the 'Find An Equipment' page after a search. The search form is filled with 'Eq. Name' as 'RADIATOR 3-PH', 'Eq. Number(M)' as '142', and 'Inventory' as 'Home'. The 'Go' button is highlighted. Below the search form, there is a table titled 'Equipment Details'. The table has the following columns: Eq. Name, Eq. Number(M), Eq. Number(L), Eq. Make, Eq. Status, Present Location, Section, Direct Transfer, To Location, and Release. The table contains one row of data: RADIATOR 3-PH, 142, 142, Lloyd, Under Repair, LGD, E5, a checked checkbox for Direct Transfer, a dropdown menu for To Location showing 'KZJ', and an unchecked checkbox for Release. Below the table is a 'Save' button.

- Click on "Direct Transfer" Check box and select the To Location, to transfer the equipment.
- Click on **Save** button,
